## Council staff blitz cemetery clean up

June 3, 2019  
COOKTOWN

More than 30 Council staff, including the Mayor, Chief Executive Officer and directors, as well as a team of Yuku Baja Muliku Rangers, spent the morning undertaking works outside the resources of Council's small parks and gardens team at the Cooktown Cemetery last week.

The team respectfully cleared graves of weeds and sticks, leaving the cemetery much tidier and in great shape for the influx of visitors expected at the Cooktown Discovery Festival next weekend.
