

Charlotte Street *Revitalisation* **ROADWORKS**

Starting November 19 - Charlotte Street, from Banks Street to the Seaview Motel

Council is beginning works on the Charlotte Street revitalisation, with re-forming and sealing of a section from Banks Street (next to Jackey Jackey Herbs and Spices) to the Seaview Motel.

The work is expected to start on November 19 and continue for four weeks. There will be changed traffic conditions, including temporary access for properties in the area and minor delays. There will also be no parking on this section of road for the duration of the works. Increased traffic, including trucks, can be expected on Charlotte Street, Endeavour Valley Road and the Mulligan Highway.

Please obey signage and drive slowly through the construction site. Thank you for your patience while we improve your infrastructure.
