Daily Road Closure and Re-Opening Report continued...

TRANSPORT INFRASTRUCTURE ACT 1994

Section 46 Temporary restrictions on use of State-controlled roads

1. If the chief executive considers that it is appropriate that a decision be made to prevent damage to road transport infrastructure or to ensure the safety of road users and other persons, the chief executive may make a written decision that
 - (a) a State-controlled road is temporarily closed to all traffic or traffic of a particular class; or
 - (b) a State-controlled road may, during a specified limited period, only be used
 - (i) at specified times; or
 - (ii) by particular classes of vehicles; or
 - (iii) in accordance with conditions (including restrictions on the weight of loads of vehicles) fixed by the chief executive.
2. A decision under subsection (1) must be advertised by appropriate signs and, if practicable, by notice in a newspaper circulating in the area.
3. Road users must comply with a decision in force under subsection (1). Maximum penalty-200 penalty units.
4. Neither the State nor the chief executive is liable for damage or injury caused directly because of a contravention of a decision in force under subsection (1).

Delegated Powers:

Power to make a written decision to prevent damage to road transport infrastructure or to ensure the safety of road users and other persons.

Designated Positions Delegated (All these positions may not be reflected in local policy - Check first):

Deputy Director-General
General Manager
Executive Director
District Director
Project Director (Major Projects Office)
Director
Manager (Infrastructure Delivery)
Project Manager (Major Projects Office)
Manager (Transport Planning)
Manager (Traffic Operations)
Manager (Network Performance and Traffic Operations)
Manager (Network Performance)
Manager (Special Projects)
Principal Engineer
Engineer
Principal Advisor (Development Control)
Principal Technical Advisor (Planning and Design)

*The information shown above is correct as at 5 February 2007. To ensure you have the latest delegations check out MR Junction>Information Resources>Legislation Delegations>MR Delegations Summary and your local policy.

NOTE:

You may also use S.96(5) of the *Transport Operations (Road Use Management) Act 1995* to temporarily prohibit, divert or direct traffic and take other related actions to ensure the safe and effective regulation of traffic. The delegations have been allocated differently.

Process:

1. Once the decision has been made to close or limit traffic through a flooded State-controlled road the decision must be documented, signed by the appropriate delegate (listed above) and distributed to the listed names. Using this form is suitable.
2. Appropriate signage should be erected at the scene/area (as per MUTCD).
3. If practicable, a local newspaper notice should be advertised.
4. As soon as the road is considered safe to travel advice should be documented and distributed to the listed names.
