# FOCUSING on your COUNCIL

LINDA CARDEW
Chief Executive Officer

Emerging in July from three months of COVID-19 lockdown across the Cape brought a collective sigh of relief across Council. The very substantial efforts required to establish a dedicated call centre and the provision of advice and support for the community, saw a team of redeployed staff commit many hours of care and concern for those affected by travel and border restrictions. The results of the combined agencies were phenomenal - with Cook and our neighbouring communities not experiencing a single case of COVID-19 anywhere in the Cape. Significant and ongoing partnerships have also been renewed with the Chamber of Commerce and others in a push for economic recovery throughout the Shire. Strong bids for resilience funding provided by Council, were submitted by businesses and have since been awarded.

This quarter has also seen Council powering on while the weather is favourable, with one of the largest

and most significant works programs undertaken: over \$45 million in Disaster Recovery works across the Shire, providing work for 17 Cape-based contracting teams employing an estimated 190 personnel, not including Council's DRFA team, and road and structures crews of 23. Council is also delivering additional projects funded by the State Government with a value in excess of \$19.5m, and projects funded by the Federal Government with a value in excess of \$10 million. Across all works and projects there is a shortage of qualified trades - a consequence of COVID travel restrictions and the short timeframes nominated by funding bodies for the delivery of 'stimulus' projects.

Council is fortunate to have now appointed a full time Disaster Management Officer and with the confirmed La Niña event and forecasts of an early and significant wet season, the remaining fire season and the vigilance required for ongoing COVID

arrangements, there is much to be done.

Council staff have also commenced the scheduling and delivery of a \$2.6m program of Operational Plan initiatives, the most exciting of which is community consultation for the new 10 year 2031 Community Plan. Councillors and staff have travelled throughout the Cape to listen to and capture the aspirations of the community for the next decade.

Finally we celebrated the LGMA
Excellence in Local Government Awards, winning the category of "Doing More with Less". The category recognises projects or initiatives from category one councils that showcase lateral thinking, increased productivity and simplicity, to drive a project or initiative that is an aspirational model for other smaller councils. This Award was sponsored by the Department Local Government Racing and Multicultural Affairs and was announced by the Director General. Congratulations and thanks go to all involved.

## COOK SHIRE HOSTS SENATOR NITA GREEN

On Thursday 23 July, Senator Nita Green visited Cook Shire to discuss our post-COVID-19 priorities, including championing our capacity for growth and development in the region and in the importance of upgrading the Bloomfield Track to create a coastal tourist loop from Cairns.

#### **FNQROC IN BRISBANE**

In August, Mayor Peter Scott travelled to Brisbane with other members of the Far North Queensland Regional Organisation of Councils (FNQROC) board to meet with State Government Ministers and Shadow Ministers to discuss regional issues. Over three days, and in the light of the State elections in October and the extraordinary COVID-19 related social and political environment, discussions focussed on the opportunity for regionalisation that is underpinned by the need for new and improved transport infrastructure, water security, communications and housing.

## COUNCILLOR MORRIS LIKES TO MOVE IT

On Friday 24 July, Councillor Marilyn Morris joined fellow Directors from the North Queensland Sports Foundation (NQSF) in Townsville to discuss 'Movelt NQ' - a new and exciting community recreational initiative - as well as other opportunities for future engagement through sport and nutrition

## NORTHERN EXPOSURE FOR DOUGLAS SHIRE

Cook Shire hosted the Douglas Shire Mayor, Cr Michael Kerr and CEO Mark Stoermer on Friday 21 August. Included were visits to the Cooktown History Centre with volunteer historians Jean Stephan and Jenny Habermann, and the Cooktown Sewerage Treatment Plant with tour guides Robyn Maddalena and Les Treloar.

## EXECUTIVE LEADERSHIP TEAM

The Executive Leadership Team comprises the Chief Executive Officer and the Directors of three separate departments:

### COMMUNITY ECONOMY AND INNOVATION

A customer focused department charged with the responsibility of developing and maintaining social and economic capital and identifying and implementing new and innovative actions and projects.

### ORGANISATIONAL BUSINESS SERVICES

Manages a diverse portfolio of corporate and business responsibilities including finance, governance, facilities, land tenure, planning and environment, customer service, human resources and information technology.

#### **INFRASTRUCTURE**

#### COMMUNITY ECONOMY AND INNOVATION

## THE SHAPE OF THINGS TO COME - COOK SHIRE 2031

In September, Council launched *The Shape of Things to come - Cook Shire 2031*: the community consultation phase that forms a crucial part Council's ten-year community plan. Councillors and council staff met with community members at events held at Hann River, Musgrave and Archer River roadhouses, Bramwell Station, Laura, Portland Roads, Coen, Cooktown, Marton, Ayton and Lakeland. Community members have also been encouraged to submit their feedback via an online survey. The survey closes 16 November 2020 and can be accessed via the council website.

#### **SOCIAL RECOVERY SURVEY LAUNCHED**

In July Council launched an online survey designed to identify what issues the community faced during the COVID-19 lockdown. Focusing solely on the social aspects of the pandemic, the data collected will help Council understand the impact and ongoing effects on the wellbeing of the community.

The survey results will also provide data that will form part of the impact assessment tool that will be used to develop Council's COVID-19 Recovery Plan in conjunction with the Queensland Reconstruction Authority (QRA).

The following information was collated from the survey and gives some insights into the social, emotional and financial impacts of COVID-19 on the Cook Shire community.

During the bio-security restrictions individual household finances reflected the below:

44%

Spending habits/income hadn't changed

33%

Things were tight but they were managing

18%

Financial circumstances were improved because of the situation

The COVID-19 Pandemic affected individual household lifestyle in the following ways:

**67%** 

Cancelled or changed travel/holiday plans

54º/o

Loss of social opportunities

41%

Loss of regular leisure

The following top activities provided individuals with the most relief during social restrictions:

**55%** 

Home maintenance jobs

43%

Binge watching Netflix/reading books etc.

42%

Social media (Facebook, Tik Tok), gaming or other online interactions

Individuals used the following sources to gather information on the COVID-19 Situation:

88%

Government website (including government health services)

54%

Television

38%

Facebook (official information/ service providers)

## COVID CALL CENTRE COMES TO A CLOSE

With COVID-19 restrictions lifting around the country, the Cook Shire COVID Call Centre officially closed on Friday 10 July.

Established on 22 March to address enquiries, issues and permits for residents of Cook Shire, six staff were seconded from various departments to provide support to the community, LDMG and government departments. Over the 106 days of operation, the team worked tirelessly and responded to almost 8,500 phone calls alone.

## AYTON BLITZ - RESILIENCE DAY

On Monday 10 August, Councillors joined forces with teams from various council departments, in Ayton for a day of community, connection and honest hard yakka. Designed to refresh, revitalise and help make the community and its infrastructure more resilient, some of the many projects on the day included works on the Bloomfield Hall and library; an epic beach clean that served up more than a ute-load full of trash (and a few surprising treasures); and a refresh of the playground equipment and picnic tables. Volunteers on the day also enjoyed a community BBQ.

#### TRADITIONAL WELCOME AT WUJAL WUJAL

Community Development Officer, Kathrina Southwell and Senior Coordinator of Economy, Community and Innovation, Ivan Hegamaea were warmly welcomed to Wujal Wujal Wujal Wujal Aboriginal Shire Council (WWASC) Cultural Advisor, Bill Harrigan, with a traditional Welcome to Country Smoking Ceremony on Tuesday 7 July.

#### Wujal Wujal's first 'Welcome to Country' Smoking ceremony 2020

WWASC Cultural Advisor Bill Harrigan gave a traditional Welcome to Country Smoking Ceremony on Tuesday, 7 July at Wujal Wujal to Ivan Hegamaea Senior Coordinator, Economy, Community & Innovation and the new Community Development Officer Kathrina Southwell both based at the Cook Shire Council.

Kathrina Southwell is looking forward to working as the CDO to assist the Wujal Wujal, Douglas and Cook Shire residents to run a Recovery and Resilience project for the Monsoonal Trough flood event 2019.

Kathrina has lived in Cooktown for 12 months, is an Environmental Scientist and has worked with community groups for the past 20 years. She is passionate about art and culture and has designed a survey to assist her to work out what sort of an art project the community would like to get involved in.

Kathrina would also like to encourage community members to get involved in volunteering with SES and other community groups to become more resilient and to be prepared for the next flood or cyclone. She will be sitting under the mango tree over the next month on some weekdays and you are welcome to go and sit with her and have a yarn about the Monsoonal Trough event. You can also do the survey and Kathrina can fill it out for you.

Please give her a warm Wujal Wujal welcome!

## **GATWAY TO CAPE YORK**

In August, works began on what's set to become one of Lakeland's most Instagrammable locations - The Gateway to Cape York. The \$1.2 million project is part of the Queensland Government's **Building Our Regions program** and will provide vital new tourism infrastructure that will welcome travellers to the Cape, as well as allow them to learn more about the region through educational displays and interactive sculptures - all of which are designed to be snapped-and-shared on social media.

#### **INDIGENOUS LITERACY DAY**

Indigenous Literacy Day was on Wednesday 2 September. At the morning session guest speakers Irene Hammett, Harold Ludwick and Craig Cormick discussed the process of writing a book, and in the afternoon session the ladies from the Wujal Wujal Justice group celebrated Indigenous nursery rhymes with the reading of the nursery rhymes they translated for the State Library of Queensland's First 5 Forever (F5F) program.

## CARDIAC CHALLENGE 2020 ROLLS INTO TOWN

It looked a little different than it has in previous years, but the 2020 Cardiac Challenge did roll into town on Monday 21 September. With a reduced field of 150 riders the event still managed to raise almost \$292k and bring an influx of activity and exposure for Cooktown.

#### **CITIZENSHIP DAY**

On Thursday 17 September 2020, Traditional Owner Erica Deeral, Mayor Peter Scott, Councillors and guests, formally welcomed two new Australian citizens – including Council's very own Toktam Dashti – to our community, in a simple and heartfelt ceremony held in Council Chambers. There was barely a dry eye in the house!

#### **ABC BACKROADS**

ABC's Backroads came to Cooktown to film an episode that will showcase the town, its Indigenous heritage and the special sense of harmony the acknowledgement of our shared history with local Aboriginals creates within our community.

#### **COUNCIL BLITZ 'CLEANS UP' AT LGMA AWARDS**

Council's very popular Community Blitz program – which commenced in Coen in 2018 and has since been repeated at Cooktown Cemetery, Lakeland, Laura and Ayton – won the 'Doing More with Less' category at the Local Government Managers Australia (Queensland) Awards for Excellence held in August. The award recognises the best exemplar of initiatives that demonstrate lateral thinking, creativity and simplicity in their approach to achieving more with less. Congratulations! It's is a magnificent achievement for everyone involved.

## COOK'S DEPARTURE RE-ENACTMENT

Tuesday 4 August 2020 marked the 250-year anniversary of Cook's departure from Cooktown in 1770. To commemorate the occasion and the historical significance of the events that took place during his 48-day stay, the Cooktown Re-enactment Association put on a small, but thoroughly enjoyable event, that saw Cook and Banks sail down the Endeavor River and get sent off with a \*BANG\*

#### LIVE FROM COOKTOWN

It was a perfect August morning when the team from the Channel 9 *TODAY* show joined us at several iconic locations around Cooktown to broadcast their live weather cross. From early morning fishermen, to a smiling crowd of school students and some nurses who came straight from their nightshift, Cooktown locals relished the opportunity to showcase our special town to audiences around Australia.

#### QUEENSLAND WEEKENDER

In September two film crews, accompanied by Council's Tourism Manager Sally Eales, attended Normanby Station with Culture Connect tours. The Harrigan brothers walked host, Chris Parsons, to a sacred rock art site that's hidden from most people's view. The Indigenous rangers shared their history, culture, and work to protect the environment, during a full day four-wheel driving adventure.

### ORGANISATIONAL BUSINESS SERVICES

## SHIRE HALL PROJECT

Council staff were asked to meet with the 60s and Better Group at the Historical Society to discuss the Shire Hall project. Pictured is Facilities Coordinator, Dustin Miller presenting an update on the progress of the project and addressed the group's queries, highlighting the significant structural and historical challenges the project must address in order to restore the Hall back to its former glory. One of the other topics of discussion was how the Council plans on communicating the continuing progress of the project to the community.

#### **BUILDERS AND TRADIES INFO NIGHT**

With more than \$11million worth of works to be completed across the Shire before the end of this financial year, builders and tradies from across Cape York Peninsula were invited to an informal information session held on Thursday 3 September for an overview of some of Council's upcoming construction projects.

## MY COOK SHIRE CAREER

Karien Francois
Number of years with Council:
10 years

Role your first started in: Casual Librarian

**What is your current role:** Library Manager

Briefly describe a typical day at work: At the library we can expect it all and we wear many hats.
We are here to listen to whoever comes through the doors and is in need of an ear to chew. We help you find the resources you need, help with basic IT skills, and we also offer computers and WiFi services to connect to the net, and offer services for your printing and scanning needs. We welcome our community in with a place to cool down, relax and have a safe reprieve from the daily grind.

What do you love about your job: I love the versatility of the job. It is difficult to get bored.

What makes Cook Shire Council such a great place to work: We work in a great location, are blessed with a friendly and encouraging team environment. The workforce is a happy one and keen to get things done.

#### **ENVIRONMENTAL HEALTH**

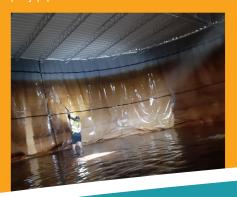

Council's Environmental Health Officer, Michelle Jordan, has been working with food businesses, camping grounds, caravan parks and shared facility accommodation providers across the Cape to help them understand their requirements and obligations under the COVID-19 Public Health Directions. This has included distribution of a range of resources and information, as well as onsite meetings to help guide operators on how to best apply the State directions to their premises.

#### **INFRASTUCTURE**

#### **COEN RESERVOIR**

Council staff had to undertake a confined space entry in order to pressure clean the inside walls and the floor as part of scheduled maintenance works on the Coen Reservoir. The ductile iron pipework from the water treatment plant to the reservoir was also replaced with new poly pipe.

#### **PARKS & GARDENS**

In September one of the old railway walking track footbridges vandalized. The Parks and Gardens crew quickly responded by retrieving the planking from the mangroves and re-screwing them down to make the bridge safe again.

# COOKTOWN AND COEN WATER METER REPLACEMENT

In between their schedule of other works, the Water Team were kept busy replacing meters in Cooktown, Laura, Lakeland and Coen that were over 15 years old.

## CHERRY TREE BAY WALKING TRAIL RESTORATION UNDERWAY

The first stage of the Cherry Tree Bay Walking Trail restoration commenced in July as the Old Quarry Track (Finch Bay Road to the intersection of Botanical Garden to Finch Bay Trail) was closed off for public access. Jointly funded by the Commonwealth and Queensland Governments under the Disaster Recovery Funding Arrangement (DRFA), the upgrade of the existing track is due for completion late November.

#### JENSEN'S CROSSING BRIDGE UPGRADE

The upgrade works on Jensen's Crossing Bridge commenced with geotechnical investigations involving girder replacement being undertaken.

#### **CANOPY OF COLOUR**

Works were completed on the pergola at William Daku Park. Local contractors added more beams to the canopy and Bougainvillea was planted, which will provide shade and a canopy of colour as it grows. The project was funded by the Department of Local Government, Racing and Multicultural Affairs through the Works for Queensland (W4Q) program.

## MONUMENTAL CLEANING JOBS FOR PARKS AND GARDENS

Just as the borders opened, the Parks and Gardens team undertook the task of cleaning some of Cooktown's monuments, including Cook's Monument and the iconic River of Life walkway, that weaves through Lions Park, Endeavour Park, and Bicentennial Park.

Pictured: Parks and Gardens team member, Mitch Fechner using the cleaning disc on the steam weeder to strip away layers of dirt and mould; Cook's Monument that compares the freshly cleaned base to the yet-to-be-treated top half of the monument that will be completed using an elevated work platform in weeks to come; and 'The River of Life' after cleaning.

#### **FLOOD WORKS**

Flood damage to Cook Shire roads is a constant issue due to the erosive nature of the soil. Pictured below is Michael Hagen, Project Coordinator – Disaster Recovery Funding Arrangement (DRFA) Works, inspecting the sizable damage to a section of Oaky Creek Road. The result of his assessment was that the site was approved for funding as part of the Queensland Reconstruction Authority, DRFA Betterment program in July. The project is expected to be complete in June 2021 and is a joint Commonwealth and State Government initiative.

## PREPARING FOR TAKE OFF

There's a lot that goes on behind the scenes of our Cook Shire Airports. On top of all their day-to-day operational tasks, the July-September quarter also saw the teams at Cook Shire airports repairing boundary fences and sampling aviation fuel supplies (pictured), managing legislative changes, maintaining new compliance standards, coordinating a full emergency exercise at Coen Airport in September and participating in the interagency hazard reduction burn at the eastern end of the Cooktown airport boundary.

## AIRPORT UPGRADE TAKING FLIGHT

Councillor Burns and Councillor Logan met with Council's Facilities manager, Dustin Miller at Coen to discuss the plans to upgrade the airport and its power supply.

The project will deliver a facilities upgrade at the Coen Airport, which is the remote service centre for Cape York. Essential airport facilities to be upgraded include the airport operations office, lowset accommodation house (for use by visiting government agencies and Cape York contractors), pilots rest quarters, shared amenities and safety upgrades for the mechanics shed, including installation of a new safety fence. Also included is the installation of new, modern solar panels to replace the aged off-grid power supply; a hot water system and a cleaner energy generator.

#### CHARLOTTE STREET IMPROVEMENT WORKS COMPLETE

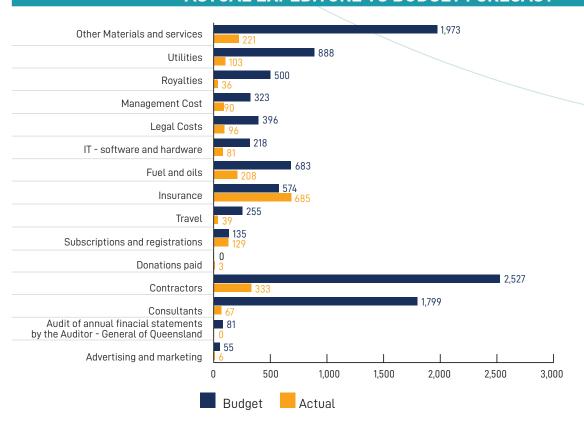

Improvement works to the Charlotte Street pathway across Two Mile Creek were completed in August and now provide enhanced connectivity and safety to Cooktown's walking and biking community. Delivered under budget, the path provides a link from the existing Charlotte Street path to the cemetery and racecourse, safe crossing over Two Mile Creek and a safe pedestrian crossing point on Charlotte Street at the busy Racecourse Road intersection.

### FINANCIAL PERFORMANCE

#### **ACTUAL EXPEDITURE VS BUDGET FORECAST**

Explanatory Note: This graph displays the actual expenditure incurred compared to budget forecast for the year.

#### **Interpretive Comments:**

The annual budget has been shown, with actual expenditure to date. The consultants budget comprises \$1M expenditure for the Cooktown Expo 2021. Whilst this does not represent the total expenditure for this project grant funding of \$1.1M has been secured.

#### **CONTRACTOR EXPENDITURE**

#### **Explanatory Note:**

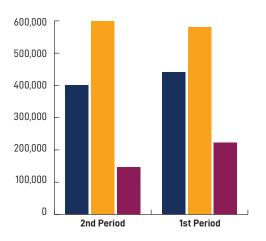

This graph expands on the \$2.5M contractor budget, showing the functional areas where the budget has been allocated.

#### **Interpretive Comments:**

The annual budget for contractors has been separated to illustrate the different areas of Council where the money will be spent.

Contractor expenditure includes various contracts in place to manage areas, such as collection of kerbside waste, and also building, electrical and other contractors used to ensure continuous operations of these services.

#### **BREAKDOWN OF RATES DEBTS RECOVERY**

Revenue in \$	654,357	468,470

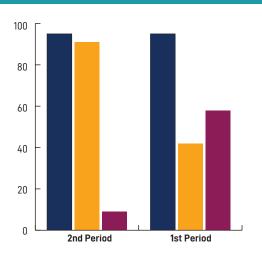

#### **Explanatory Note:**

The figures show the difference between the "Dry Season" (July to December) against the "Wet Season" (January to June).

#### **Interpretive Comments:**

Water Consumption generally increases by 30% during the dry season.

#### **RATES COLLECTED - LEVY COMPARISON**

	2nd Period Levy 19/20	1st Period Levy 20/21
Target	95%	95%
Percentage Collected & Arrangements entered	91%	42%
Arrears	9%	58%

#### **Explanatory Note:**

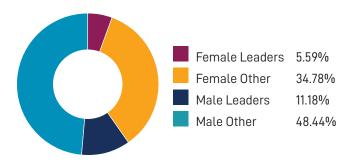

Demonstrates the collection rate of Council levies from last rating period to current rating period, excluding arrears over 6 months. Target is to have less than 5% of current levy outstanding at the end of each six monthly rating period.

#### **Interpretive Comments:**

This graph excludes arrears greater than 6 months totalling \$784K. It should be noted that Rates and Charges were not due until 19 October 2020 - after this report was run.

### **HUMAN RESOURCES**

## WORKPLACE DIVERSITY - MALES AND FEMALES

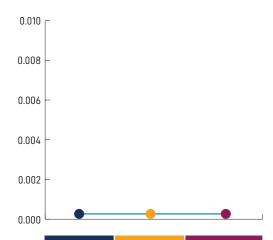

#### **Explanatory Note:**

This graph shows the number of female and male staff expressed as Leaders and Others.

#### **Interpretive Comments:**

During this quarter Council employed an average of 161 staff - 40.3% female and 59.7% male. 9 of the 65 female staff and 18 of the 96 male staff held leadership roles.

#### **LOST TIME WORKPLACE INJURY**

	July	August	September
Benchmark	0	0	0

#### **Explanatory Note:**

This is the number of resignations received as a percentage of total staff. There are currently 161 employees of Council.

#### **Interpretive Comments:**

The total number of staff exiting Council this quarter was 6, which is 3.7% of total staff.

## PLANNING AND ENVIRONMENT

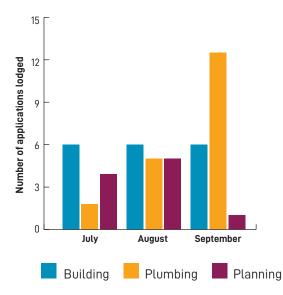

#### VALUE OF APPROVALS BY FINANCIAL YEAR

#### **Explanatory Note:**

The figures reflect the \$ value of new Building Applications approved for construction in the months indicated. It does not include other requests and inspections associated with existing applications.

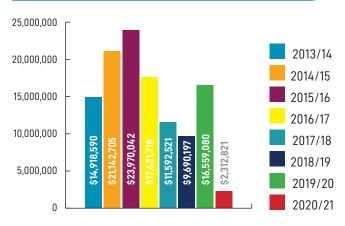

#### DEVELOPMENT APPLICATIONS LODGED

#### **Explanatory Note:**

The figures reflect the number of new Development Applications lodged in the months indicated. It does not include other requests, assessment processes and inspections associated with existing applications.

## COMPARISON OF BUILDING APPROVALS BY FINANCIAL YEAR

#### **Explanatory Note:**

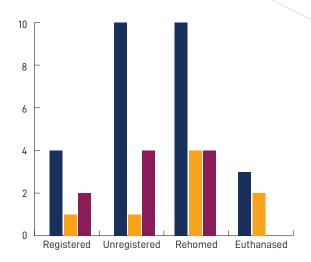

The figures reflect the \$ value of new Building Applications approved for construction by Financial Year indicated.

#### **Interpretive Comments:**

2013-16 saw a considerable spike in \$ mainly due to Cyclone Ida damage to buildings throughout the Shire and major reconstruction works at the Lizard Island Resort > \$3 million. But these years also saw growth and new construction work in Cook Shire which included \$11.5 million Residential Rehabilitation Centre; \$7.1 million Holy Spirit College; \$1.6 million Stage 3 Endeavour Christian College; \$1.2 million Waterfront Kiosk, Gazebo and 2 Ablution Blocks; \$1 million Offices Weipa; \$2 million Day Respite Care Coen. The stats for 2020/21 will continue to be adjusted quarterly.

## LOCAL LAWS

#### **ANIMAL IMPOUNDMENTS**

	July	August	September
Registered	4	1	2
Inregistered	10	1	4
Rehomed	10	4	4
Euthanased	3	2	0

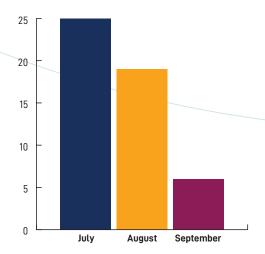

#### **Explanatory Note:**

The figures reflect the number of registered and unregistered dogs impounded over the period and the number of animals that were rehomed and euthanased.

#### **Interpretive Comments:**

The graph shows that a much larger proportion of animals are rehomed when compared to euthanasia. Euthanasia is a last resort and largely due to behavioural or health issues.

#### WHARF AND PONTOON BOOKINGS

#### **Explanatory Note:**

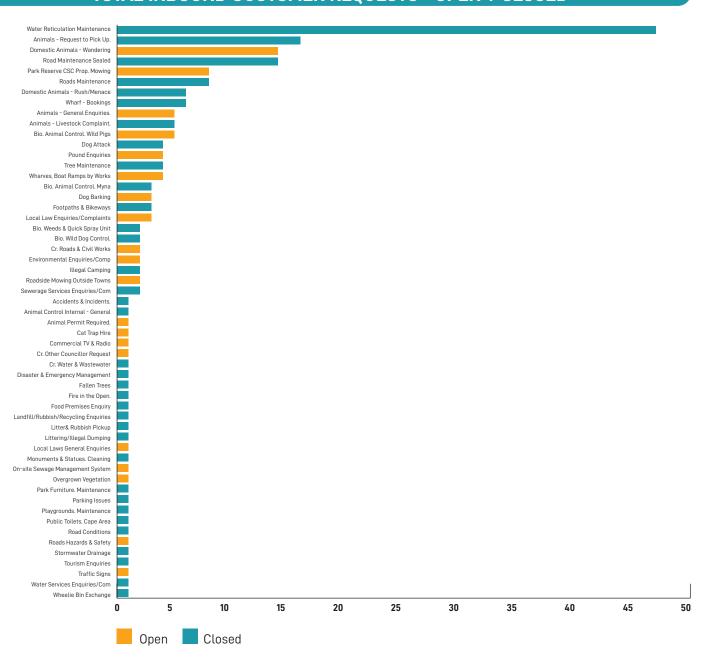

The figures show the number of bookings for the public wharf and pontoon at Cooktown.

#### **Interpretive Comments:**

The number of wharf and pontoon bookings is on average lower than usual and is largely attributable to the decrease in commercial fishing due to COVID-19.

### **CUSTOMER SERVICE**

#### **TOTAL INBOUND CUSTOMER REQUESTS - OPEN V CLOSED**

#### **Explanatory Note:**

This graph depicts the number of customer requests received by Council over the last three months, open versus closed.

#### **Interpretive Comments:**

During the last quarter 33% of all requests received during the quarter have been finalised (the request has been actioned and the customer notified of the outcome). This shows an excellent level of response by Council with reference to incoming requests for service. Of the total requests received, those not closed have been scheduled for action, included in Council's budget for works during the next financial year or are being considered in longer-term strategic plans.

#### **TOP 5 INBOUND CUSTOMER REQUESTS VS ALL OTHER REQUESTS**

Workflow	Closed	Open	Totals
Domestic animals - Wandering	6	8	14
Animals - Request to Pick Up	6	10	16
Road maintenance - Sealed	14		14
Water reticulation maintenance	47		47
Council property mowing	8		8
All other requests	73	33	106

#### **Explanatory Note:**

This chart depicts the top five inbound customer requests received over the last three months, in comparison to all other requests.

#### **Interpretive Comments:**

The top five inbound customer requests make up 47% of the total requests received during July, August and September 2020. The top five inbound customer requests show those Council functions and services that are either brought to Council's attention by the community and/or other business units within Council, or matters that are submitted to Council as a specific request for action. This graph is a good means to measure the focus of the community in their interactions with Council showing that, in the last quarter, maintenance on Council's water reticulation services has been an area of concern for the community and the community are happy to communicate with Council regarding their concerns and requests for work to be done.

#### **RIGHT TO INFORMATION REQUESTS**

	July to Sep
Right to Information Applications Received	0

#### **GENERAL CUSTOMER ENQUIRIES**

The following table details the number of phone calls and and in-person enquiries received by Council to the front counter at the Council Main Administration building, month by month.

	July	August	September
Phone Calls	1,726	981	1,165
Inperson visits	297	240	433

Where no Right to Information Applications have been received during the quarter, the statistics reported related to the ongoing processing of applications and internal or external reviews that span across more than one quarter.

<sup>\* \$7.85</sup> per 15 Minutes as prescribed by the Office of the Information Commissioner

## MEDIA AND COMMUNICATIONS

#### **COUNCIL COMMUNICATION BY MEDIA TYPE**

Media type	July	August	September
Facebook Posts	37	51	42
Website (page) views	23,334	17,070	12,134
Public notices and advertising	14	16	5
Media releases	3	4	2
Tweets	5	8	4

#### **Explanatory Note:**

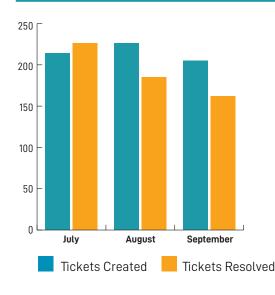

This table details some of the different channels Council used to communicate with the community.

#### **Interpretive Comments:**

The gradual decline in website views is largely attributable to the easing of COVID restrictions and the re-opening of the Cape. Additionally, local government reforms that modernised advertising requirements for community notification about contacting and procurement-related activities has led to a reduction in the number of public notices in newspapers, with a continued, strategic growth in number of Facebook communications.

## INFORMATION, COMMUNICATION AND TECHNOLOGY (ICT) SUPPORT

#### ICT REQUESTS CREATED ACROSS ALL COUNCIL FACILITIES

#### **Explanatory Note:**
