

05: PICNIC SHELTERS AND BBQ'S

This area is ideally suited for picnics and BBQs. It is a relatively open grassed area with some excellent shade trees and in close proximity to parking, the 1770 visitors centre and the cricket oval. The old and tired picnic tables would be replaced with new settings and BBQ facilities and would benefit from the inclusion of one or two shelters. Shelters could be a simple and cost effective structure such as the skillion roofed structure a more elaborate style like a Gazebo.
