FOR IMMEDIATE RELEASE

Rossville Hall given a new lease on life

April 10, 2019
COOKTOWN

Rossville's community hall has received a facelift with some much-needed repairs and maintenance carried out, thanks to the Works for Queensland program.

Cook Shire Council's Building and Facilities team completed the work this week, which included completely replacing the unsafe entrance ramp, painting, concrete drains, a footpath, footing extensions and rust treatment. The work, which began late last year, was delayed after materials were stuck during the Townsville floods.

The Rossville Hall maintenance has been funded by the Queensland Government's Works for Queensland program.
