

**FOR IMMEDIATE RELEASE**

## Bitumen for Oaky Creek Road section

**1 May, 2020**  
**COOKTOWN**

The Oaky Creek Road school bus route will be upgraded with work starting this month on a 1km section.

The works will improve a section of the road from the Endeavour Valley Road intersection to the Ironwood Avenue turnoff. The road will be re-aligned within the road reserve to improve safety, which will require extensive earthworks and the relocation of existing services. The final stage will be bitumen sealing, which is expected to take place in early June, weather dependent.

Road users are advised to expect changed traffic conditions, including minor delays, while the project is ongoing and are asked to please obey signage and drive slowly through the works site.

Proudly funded by the Queensland Government through the Transport Infrastructure Development Scheme (TIDS) and Cook Shire Council. Jointly funded by the Australian Government under the Roads to Recovery Program.
