Hi Ramon,

Thank you for your email providing notice that the current period has been stopped.

In accordance with section 32.5 of the DA rules, the current period can only be stopped the day after the notice has been received, as such the development assessment process was stopped on 23 March 2026 and will recommence on **22 September 2026**, unless requested to be restarted earlier.

Once restarted, SARA will have 10 business days to assess the information request response. As such it is recommended you provide the information request response to SARA and await SARA's confirmation that the information provided is satisfactory before restarting the assessment process.

Kind regards,

Brittany Hughes
